

## **D. A. V. EDUCATIONAL OBJECTIVES**

- ❖ The DAV Organization believes that a change in our social and moral fabric can be brought about only through the spread of education of men and more than that of women of our society.
- ❖ It believes that it is only by imparting and spreading the message of the Vedas that regeneration of our society is possible. For this, imparting of quality education based on the fundamental values of life, Vedic philosophy, thought and tradition is necessary.
- ❖ To imbibe amongst children the basic and fundamental values of life like Truth, Honesty, Love for the Country and a fellow-feeling for all with qualities of compassion and tolerance for others to enable them to become worthy citizens of the motherland.
- ❖ To enable the children to have respect for elders and youngsters alike and love for the cultural heritage of the country and work for its unity and integrity.
- ❖ To provide full opportunity to every child for flowering of his personality and for bringing out his talents.
- ❖ To provide a harmonious development of Head, Hand and Heart and inculcate dignity of labour.
- ❖ To provide vocational education and training according to the needs and aspirations of society.
- ❖ To prepare students for facing the challenges of tomorrow.
